TIGER FUN CARD

Thank you for downloading this resource!

PAPER CHOICE

Altough this resource may print on any type of paper thickness I would recommend a heavyweight white matte photo paper or cardstock. The resource is formatted to papersize U.S. Letter (8.5 x 11 inches) but can also print perfectly on A4 (21.0 x 29.7cm or 8.27 x 11.69 in).

INSTRUCTIONS

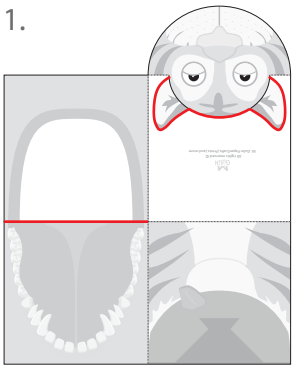
1. EDIT TEXT FIELDS IN ADOBE READER

Open the file in the software program **Adobe Reader.** You can only edit the text in Adobe Reader. If you don't have the program installed or need to update a previous version you can do so for free and easy at: http://adobe.com/go/reader. The editable text are highlighted so you can clearly see which text is editable. Simply place the mouse cursor in the text you wish to edit and start typing.

2. PRINT, CUT OUT AND ASSEMBLE

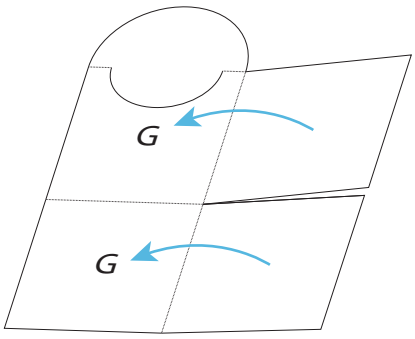
After you customized your card the way you want, simply print out as many copies you need and cut them out.

1.



After you cut out the piece make additional cuts along the lines highlighted on the image above in red. Now fold inwards along all the dashed lines

2.



Turn the piece over and put glue on the places marked with a G in the above image. Glue the opposite sides to the above mentioned parts.

3.

Now when you fold the card together it should look like the above image. *If you want to the card to sit more shut put a small piece of double side tape on the backside of the upper mouth part.*
