Assembly Instructions

1. Print out your Santa claus on cardstock or something in similar type of paper.

2. Cut out all the pieces.

3. Fold all the dashed lines inwards, except the fold on the bottom of Santa Claus this folds outwards.

4. Put glue on all the tabs marked with a G.

5. Use brass fasteners to assemble the arms on to the body. Put the fasteners through the arms marked with a white circle and throught the body marked with a similar white circle

6. Glue Santa's hands to the side of the gift. Make a cut on top of the head and put in the tassel.
